ExoCARES[™] Program

ExoCARES:

Getting access to resources you need in the prostate cancer journey

ExoCARES

The ExoDx™ Prostate test, or “EPI,” is a simple, non-invasive urine test that can help you and your doctor determine the need for a prostate biopsy. The ExoDx Prostate test provides actionable information that aids the prostate biopsy decision for men in the PSA ‘gray zone’ of 2-10ng/mL, and is not dependent on PSA or other clinical risk factors.

What exactly is PSA?

Prostate-specific antigen, or “PSA,” is a routine blood test measured for many men in the primary care or urology setting.

While PSA is not prostate cancer-specific, it is the standard of care to indicate prostate cancer diagnosis that may lead to further testing or a prostate biopsy. Making the biopsy decision is an important consideration between you and your doctor because there are sometimes physical complications.

The ExoDx Prostate test will provide your doctor with important information to help you make this decision.

Move forward with confidence as interpreting the score is easy.

The ExoDx Prostate test score ranges from 0–100.

If your score is above 15.6, there is a higher risk for clinically significant prostate cancer that needs further investigation, such as a prostate biopsy. Talk to your doctor about this procedure.

HIGHER RISK

15.6

LOWER RISK

The Insurance Process by ExoCARES

The Three Pillars of ExoCARES

Covered by Medicare

Traditional Medicare covers the ExoDx Prostate test for most patients in the intended use population. Most Medicare Advantage plans cover The ExoDx Prostate test.

Supported by Guidelines

The ExoDx Prostate test is included in the NCCN guidelines and covered by major insurance plans throughout the US. It is also covered through all VA Medical Centers.

Covered by the Patient Advocacy Team

For patients whose insurance does not cover the ExoDx Prostate test, our Patient Advocacy Team will auto-enroll you in The ExoCARES Program which will provide services that may reduce out-of-pocket costs.

We're here to help.

Learn more about the ExoDx Prostate test and At-Home Collection Kit options. Call your ExoCARES Representative at 844-396-7663, select option 3, then option 2.
